# International missions

18-19 January 2024

- Webinar at Seoul National University, South Korea

Between 18th and 19th of January 2024 our Vice-Rector for International Relations Prof. Mr Constantin Marius Profiroiu took part as guest speaker at the international seminar "New Weberian State as a Model for Reform and Reform of Current Models" organized by Seoul National University under the coordination of Prof. Tobin Im from University of Seoul and Prof. Geert Bouckaert from University of Leuven. The theme of his speech was entitled "Towards a New Public Governance: The challenges of designing coherent public administration reform".

The wrap-up debate focused on the role of the state in the New Weberian model and the market within it. Ten case studies were presented for 10 countries including Romania.

Prof. Constantin Marius Profiroiu presented the case of Romania where elements of New Public Management and of the traditional model of public administration are encountered, as he overviewed as well the challenges related to the changes needed in the current national context.

## Erasmus+ testimonial

*I am privileged to have had the opportunity to spend an academic semester in Lisbon, Portugal, at Instituto Superior de Gestão. This experience profoundly influenced my perspective on life and shifted my mindset. During my time in Lisbon, I had the honor of immersing myself in the vibrant culture of the city and actively contributing to the Erasmus+ community.*

*One of the most memorable aspects of my involvement was organizing a traditional Romanian dinner on the occasion of the 1st of December. This event provided me with the chance to showcase and promote Romanian culture through culinary delights and engaging discussions. Additionally, I enthusiastically shared insights about my country's heritage and traditions, thereby fostering cross-cultural exchange and mutual understanding among fellow students.*

*I consider my experience in Lisbon to be an invaluable tool in my personal development journey. It has opened numerous doors through networking and has significantly enriched my academic knowledge. As a result, I have become more open-minded, independent, and focused on my goals. Moreover, I liked it so much that I am now applying to spend another academic semester in Bologna, Italy. I am thrilled about this opportunity and eager to continue my journey of personal and academic growth.*

## *Erasmus+ testimonial*

*My five-month Erasmus experience at Rutgers University was like an exciting journey into an unexplored universe, where every day challenged me with new academic aspects and meetings with remarkable people. Aside from the benefits of a stimulating academic system, I was deeply inspired by a vibrant community that not only surrounded me with cultural diversity, but also motivated me to evolve both intellectually and personally.*

*I would like to highlight the unconditional support provided by Professor Gregory Porumbescu, who played an essential role in my academic research. My coordinator, Professor Marius Profiroiu, had a significant impact in settling me in and establishing connections in the academic environment at Rutgers. I also acknowledge the special contribution of the Erasmus ASE team, especially Teodora and Maria, without whom this opportunity would not have had the same impact.*

*To those interested in taking advantage of this opportunity, I would like to convey that they will not only experience innovative academics, but also form meaningful friendships. In addition, benefits include access to an exceptional library and dedicated librarians, as well as an innovative system that provides 24/7 online access to discussions with specialist librarians.*

*I warmly encourage anyone to approach this Erasmus opportunity, where academic discovery blends harmoniously with self-exploration, creating truly memorable memories.*
